

New Academic Journey Begins at KCET *Batch 2026 Orientation Programme*

Srinagar, August 3, 2026: Kashmir College of Engineering and Technology (KCET) organized an Orientation Programme for the newly admitted Batch of 2026 on Monday, August 3, 2026, to formally welcome students and familiarize them with the institution's academic environment, values, and facilities. The programme commenced with an inaugural session attended by the Chairman, Guest of Honour, Principal, Director, faculty members, and newly admitted students.

Addressing the gathering, the Chairman warmly welcomed the students and said: *"Education is not merely about earning a degree; it is about developing character, nurturing curiosity, and preparing oneself to serve society with knowledge and integrity. At KCET, we are committed to creating an environment where innovation, discipline, and excellence go hand in hand. I encourage every student to dream big, remain committed to lifelong learning, and make the most of the opportunities available during your academic journey. Your success will be built on hard work, perseverance, and ethical values."*

The Guest of Honour encouraged the students to embrace challenges with confidence and strive for excellence in both academics and personal development. The Principal welcomed the students and highlighted the college's commitment to quality education, research, skill development, and holistic personality development. The Director interacted with the students, outlining the academic framework, campus facilities, student support services, and various opportunities for professional growth. The interactive session enabled students to engage with the institutional leadership, clarify their queries, and gain valuable insights into campus life and academic expectations. In the second session of the orientation programme, students visited their respective departments, where Heads of Departments and faculty members conducted guided tours of laboratories, classrooms, workshops, and other academic facilities. Faculty members provided detailed information about the curriculum, academic regulations, laboratory practices, project work, internships, research opportunities, and career prospects associated with their respective trades.

The orientation programme concluded on a positive note, with students expressing enthusiasm and confidence as they begin their academic journey at Kashmir College of Engineering and Technology. The event reflected the institution's commitment to creating a supportive and inspiring learning environment for its newest batch of students.
